## SAMM SAFARI A Truly Unique African Hunting Safari Training School,

Since 2005 SAAM Precision Hunting Rifle has trained hundreds of students using their own weapons to become better hunters in the mountainous terrain of the 12,000 acre FTW Ranch located in Central Texas. Due to popular demand, FTW has decided to start SAAM Safari. SAAM Safari will be a very unique training course and will encompass a broad range of topics and exercises, including:

1. Weapons safety, care and handling in and out of the field.
2. Heavy emphasis on the use of and quick target acquisition while using shooting sticks.
3. Initial shot placement on both dangerous and plains game.
4. Marksmanship training to 300 yards with medium calibers and 100 yards with large.
5. Moving target marksmanship on our life-size "Charging/Running Broadside" targets, training for proper placement on wounded follow up shots and the charging shot.
6. Leopard and lion blind simulation on our animated dangerous game walk through course during daylight; and at night, spotlight exercises on our 100% life-size targets.
7. Marksmanship training on hippo and croc life size targets in and near water.
8. Plains game marksmanship on our 10-station life-size course with heavy emphasis on shooting sticks and the required quick follow up shots.
